BLOOD OF KINGS

Does not He who weighs the hearts consider it? He who keeps your soul, does He not know it? And will He not render to each man according to his deeds?

LAST NIGHT IN DUBAI

Over the past two decades the Lord has connected us with a good number of professional extreme sport athletes on a very close and personal level. Men who have inspired and contributed many dimensions to the message of this song. Warriors like Kevin Johnson, Greg Albertyn, Nate Adams, Ronnie Faisst, Kenny Bartram, Brian Deegan, Travis Pastrana, Jeremy "Twitch" Stenberg, Jimmy McQuire, Robbie Madison and many others. All who have faced near death experiences. This story is directly inspired by Greg Hartman who was almost killed during competition a couple of different times. I spent a few days in the hospital with him as he fought for his life and I was sure that he would never ride or compete again. That next year, to my surprise, I had heard that he was going to X Games in Dubai to compete in the freestyle motocross competition. He went and he won the gold medal. Not long after that he incurred a career ending injury. That caused me to ask, how much differently would he have lived out his days in Dubai knowing that it was the apex of his career and the last time that he would compete doing what he loved and felt he was called to do. It's a call for us all to always be in the moment and not take anything, anyone or God's goodness for granted.

Ephesians 5:15-17, Proverbs 17:24

RICOCHET

Too many people errantly believe that they will be allowed entrance into eternity with Almighty God because they're "good people." They're relying on their own performance and "works righteousness." They'll say, "my good outweighs my bad, I'm doing the best I can and there are many people doing worse things than me." That is a dangerous and eternally lethal position. This song tries to emphasize and express the brevity of life and the urgency of people needing to get their hearts and souls right with God through faith in the life, suffering and sacrifice of Christ and His cross. Realizing the forgiveness of sins by receiving the gift of Christ's grace. Challenging people to realize that Christ will return very soon. Even if He delays His second coming in His desire for everyone who doesn't know Him to have a chance to receive him, many will pass from this life to the next through death and then face the Lord of Life without the love, grace and forgiveness that He offered them in their time on earth. This life is fleeting, a flash, a ricochet, so get ready... for your life in eternity now while you can. The Lord will honor whatever destination you choose. But, be clear on this, He suffered and gave His life because He wants you with Him.

Luke 12:16-21, James 4:14, 2Peter 3:10-13

Heirs to His throne, they are the sons of his heart cry
Giving their lives to show us all the way home to Him
Reaching the lost to share the hope that His love brings
Conquering hate and overcoming all things through
Him and still you spill the blood of kings

CHORUS

MONSTERS

Their torches lit the night up, as they hunt the beast
Driven out of the city into the streets, runnin'
Closing in to take the kill shot,
Their weapons at full strength
Backed to the wall, the beast retreats, it's time!

Time now to put this beast down and pull out our fears
Molech's flames will burn them right away
You can't see their tears, through your lies

CHORUS

How can you just take this life when he's a part of you?
You made your choice
It's over now the monster's torn in two
Two can fight a battle, strong but he's alone in you
The light floods in and shows the beast in truth, it's you!
Red, yellow, black and white, but inside of you they're prey
But once out inside the light of day, they're safe
Just a little fun turns into a homicide in you
Their angels scream and war for you, to hear Him

You're now the apex predator
Turning on your own
But what about the rights of little ones?
Known from the throne before time

CHORUS

I can feel you mama, but it's getting so hard, oh!
Can't you feel my, can't you feel my, can't you feel my heart?

CHORUS

LAST NIGHT IN DUBAI

We flew all night to make the games, but now I'm back
It wasn't long ago and I was down in flames

I wanna see what I can do
Show the world what it's like to trust in you

CHORUS...

If I knew then what I know, I'd take some time,
Burn your marks of love inside my mind
I cannot change what's been done before tonight,
Just hold on tight to my last night in Dubai

I've missed so much through out my days, I can't see,
Now it's time to shine and walk in all your ways

They need to see what you can do
Show the world what it's like to trust in You

CHORUS

I've watched our sons and daughters die
My damage path is really getting wide
Why I'm the only one alive.

CHORUS

I can't look back, I won't look in,
There's nothing left in me that works right
I stay on track, not lookin' back
I hear You whisper to my heart,
Forget about yesterday

He hunted saints to make them pay
For their faith in the living way and their hope
In a God Who gave His Son, to crush the curse
And shed His blood, on that day
Stephen's stand would plant the seed
This saint killer now is freed to life

CHORUS

THE GODSTORM

A guitar instrumental

REVELATION SONG

Worthy is the Lamb who was slain.
Holy holy is He
Sing a new song,
To Him who sits on Heaven's mercy seat (x2)

CHORUS...

Holy, holy, holy is the Lord God Almighty
Who was and is and is to come

With all creation I sing, praise to the King of kings
You are my everything, and I will adore you

Clothed in rainbows of living color
Flashes of lightning rolls of thunder
Blessing and honor strength and glory and power be
To You the only wise king

CHORUS

You gave a Your life to conquer death - LD
Paid for our sin and set us free - JE
The lost & least are now made kings - Rey
In awe we offer everything - Eric

Filled with wonder, awestruck wonder
At the mention of your name
Jesus your name is power, breath and living
Water such a marvelous mystery

TRYTAN - BLOOD OF KINGS

Behind the songs, back stories, background, insight, messaging and intense extreme intents to the song concepts...

This album, project and work has been composed and recorded to explode God's love, grace and truth into the hearts of those who listen. To bring a fresh and powerful perspective of Almighty God and the things of God. To be a musical odyssey that is breathtaking, stirring, challenging and devastating. For people to see Christ

as the extraordinary, unique, only begotten Son of God, the true Warrior Savior King! Who elected to leave His glory behind and come to earth on the greatest rescue mission of all time. To live an amazing, incomparable and extraordinary life only to lay it down on the cross in sacrifice and payment for our sins. So He could make a way for us to be forgiven, made spiritually alive again and bring us back to God.

THE DESCENDER

In a day and age when there's so much Godsmack rampant in the world and so many people are so busy trying to domesticate or eradicate God from our existence, our focus or awareness, we want to show the Lord in an intense, extreme and violently powerful way. We want to express the God of the Bible, no holds barred with nothing water down. Christ's return and the events leading up to that incredible point in time capture the intensity of God in a virtually incomparable way. Perhaps second only to His suffering and sacrifice on the cross.

Through expressions that will reach for people and be relevant and effective for our current days and times, this song was written to capture the thrill and awe that the kingdom and all of creation will experience when Christ does return. And at the same time activate a sense of desperate need in peoples hearts to receive the Lord's truth, love and grace before it's too late.

† Thessalonians 5:16-18

RICOCHET

We're moving fast around the Sun
The clock is running and we're almost done
Are you holding onto what won't last?
I hope you're ready cause it's coming fast
Get ready for your life...

CHORUS...

Life is like a bullet from a gun
A breath you feel and then it's gone
I don't know what more I can say
I hope you're ready for that day
Cause life is like a ricochet

Do you think you'll head into the Son?
You're on your way, your works won't get it done
You'll hit the wall with your own good
And carom by grace to life all by His Word!

CHORUS

You say to me I'll be just fine, but you don't know
That we're running out of time
Our life here's just a glancing stay
A flash of love that's made to show the way
And we're not home and we can't stay

CHORUS

You say to me I'll be just fine, but you don't know
That we're running out of time
It won't be hard to say goodbye,
That's not the reason we will cry!

GENTRIFUGE

They couldn't take it anymore
The hate inside their heart grew strong
No one could reach inside the shell where they hid
But love was knocking at the door
The thief was calling them out to his darkness
Their life had now become a war

This life's a force that breaks us down
And what's inside is coming out

CHORUS...

There's One who sees through you
And knows the pain inside
Killed the darkness,
Crushed your death and hears your every cry
While we live we go through storms
We're all trying to get free
Against the wall He can break you through
And end this violent siege

They didn't know what was in store
When the two walked through that door
Lives would end and many dreams would crash down
A gruesome nightmare would unfold
Intersect and intercepting their schemes,
Meant more blood of kings would flow

A world of war was craft inside
Where hate and truth will now collide

CHORUS

And he says, we don't understand a thing
 You think that you are fighting mortal man
 Blinded by your hatred and your sin
 So you spill the blood of kings,
 Why do you spill the blood of kings?

Lit up as torches for light, in the dark night
 Blamed for the cities demise and it's burning
 Drawn, quartered and then ripped apart in this fight,
 Knowing they'd rise up to life at His side

They sang to Him, giving their lives
 He stood for them, hearing their cries,
 Bringing them home

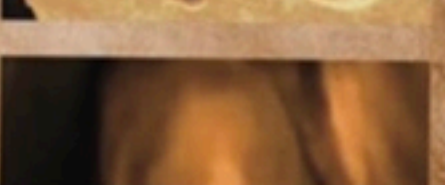

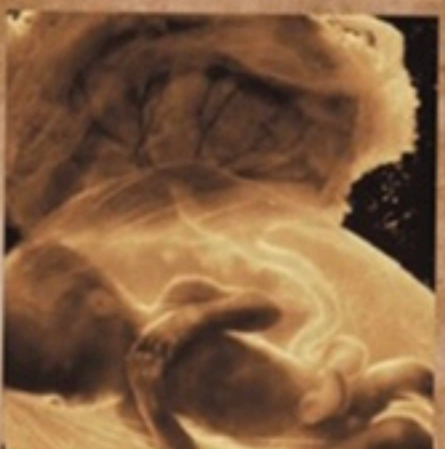

CHORUS

Heirs to His throne, they are the sons of his heart cry
 Giving their lives to show us all the way home to Him
 Reaching the lost to share the hope that His love brings
 Conquering hate and overcoming all things through Him
 And still you spill the blood of kings

Down through the ages they came in his Name
 Laying their lives down the same with no shame
 Across all the seas in the scariest lands, they're still
 tortured and making a stand with their lives

They sang to Him, while giving their lives
 He stood stood for them, hearing their cries
 And bringing them home

CHORUS

CENTRIFUGE

Over the past several decades the number of suicides, genocide suicides and mass murders have increased tremendously. There was 16,425 homicides committed in the U.S. in 2019. Many innocents in our society are effected by the plague of this displaced aggression. Wounded and toxic individuals release their pain, hopelessness and hatred through insidious violence on those who have nothing to do with their trauma and affliction. As godlessness courses through our world, nation by nation, the death rates and risk grows every year.

This level of toxicity and societal lethality is only neutralized and countered when a life genuinely encounters the grace, truth, love and acceptance of Christ.

It's not a matter of if our pain is going to come out, it's a matter of how, when and on who! The Lord came to this earth to bear our sin, wrath, judgment and pain and He'll take the heartache, affliction and despair that we have in our lives, if we give it to Him. So, let's give it to Him.

The Lord's people must model this and keep sharing the love and truth of Christ with everyone we can so we can intersect with those who may be hurting so badly that one day they will release their pain on others. This violent trend is gaining momentum so, let's be the difference.

Luke 4:18-19, Romans 12:21, Ephesians 4:26-27, 1Corinthians 9:19-21.

SHADOW RACER

Shadow Racer is inspired by the protection promises of Psalm 91, a good number of motocross racers and FMX athletes and especially by our oldest son Steven who almost died in a motocross accident in 2005. He shattered his T5 vertebrae, almost died, had 3 surgeries, spent over 120 days in the hospital and had to learn how to walk again twice. He will never ride or race again but is still a shadow racer.

All Christians are shadow racers. The apostle Paul wrote in God's Word that he as a Christian "fought the good fight, kept the faith and finished the race." God's Word likens this life to a race that we should execute with passion and finish strong. Living life in the shadow of God's wings is how to do that. Walking close to Him, living life before His presence and for His purpose and glory is the key. Can you say, "I am a shadow racer?" We hope you can!

Romans 8:26-29, Ecclesiastes 7:14, 2 Corinthians 4:16-18

A MILLION HEARTS

I hope the messaging in this song is a great flipside and compliment to a couple of other songs on this album. While "The Descender" and "Ricochet" call to the hearts of those who don't yet know Christ, "A Million Hearts" cries out for Christians to realize their personal mandate and responsibility to share Christ with their world in a passionate, urgent and effective (Biblical) way. We pass people by every day that are broken, hurting and needing someone to tell them about the truth of Christ's love, grace and power. So many are too busy with their schedules, projects and agendas to take the time to reach out and touch people. And share the reality of Christ that they know in their own life with those who desperately need it in theirs.

Mark 16:15, Acts 1:8, 2Corinthians 5:11

BLOOD OF KINGS

Over 90,000 Christians have been killed in the past year, which equates to one death every 6 minutes on average. At this moment there are between 500 to 600 Christians throughout the world that can't profess their faith in Christ freely without fear of persecution. In Acts 9, Christ asks Saul (who would later become Paul) "why are you persecuting me?" Saul was torturing and killing Christians, Christ confronts him and basically says in torturing and killing His people that he is really doing that to Christ himself. In the first century of the church's existence many Christians were tortured and killed for their faith, love and devotion to Christ. Tared and lit up as torches to provide light in the arena for

the nightly events in Rome. Drawn and quartered, being ripped into four pieces between four chariots. Christian men, women, children and whole families together were torn apart as they were fed to starving lions. All for their alliance and allegiance to Christ the Savior. Still today Christians are tortured and killed by anti-Christian peoples in nations around the world. The Lord cries out for the church of our modern day to live with such devotion and surrender that we too would be willing to lay down our lives for His glory, purpose and fame.

Revelation 12:11

MONSTERS

On average in the USA alone, over a million pre-born babies are murdered during gestation every year. More than 61.8 million between 1973-2018. Through the ages this genocide of darkness has no doubt crushed the heart of Almighty God. What artists or researchers or noble world statesman or missionaries or gifts to the world may have been extinguished through this morally reckless, selfish and insidious act?

Monsters is an attempt to blast into peoples conscience, conviction and mental anguish and release a passionate cry that will cause them to sense God's heartache over this violent and selfish sin. To realize that we're treating the pre-born like monsters, when in fact, we are the monsters!

Proverbs 24:11-12: Deliver those who are drawn toward death, and hold back those stumbling to the slaughter. If you say, "Surely we did not know this,"

This life's a force that breaks us down
And what's inside is coming out

CHORUS

SHADOW RACER

Hit the road, we're on your way it's gonna be a blast
As long as we're together and we all are going fast
We're here to shine and show our people to His way
That tomorrow is not sure and what's the real race

Under the shadow of His wings
We'll always find a way to win

CHORUS

Shadow Racer you can, light the way
Through the darkness, shining as you race
Under cover you can take em on
Touchin' lives with His love till the day is done
His light shines out through your way
To the perfect day

All across this country they are heading to the Son
Underneath His shadow His son's are getting it done
It's always good to hear them say that He's the One
The way into forever and why we have truly have won
We cannot make it on our own
He is the One that leads us home.

CHORUS

The day had come, when everything would change for me

And I held on to everything word You said to me before,
I fell into this storm that would change my life
And break me through to YOU!

I knew things will never be the same, I trust you Lord,
Still I will show them You're the way,
Every day and in every way!

CHORUS

YESTERDAY

From the hospital chapel there's a cry
He prays for one more chance to look in her eyes
And say I'm sorry for the pain
Will you make these phantoms go away
Please, won't you say it to me

Forget about yesterday
Let's just hold on to love today
Forget about yesterday
Let all our pain just fade away
Forget about yesterday,
Does pain really fade away?

Been waiting for it to fade,
Then it goes to another place and I cry
We just went to get them free, then the bullets
Went right through me and my crew
I'm torn and wrecked inside, cause I can't
Erase their cries from my head no more

I've seen the best of us be burned alive

THE DESCENDER (ITS GOIN DOWN)

Take Cover Pre-quel

He stepped into time, tearing through the darkness
Giving up His life, just to save us
And His star was in the sky, lighting up His mission
Taking back the kingdom and crown...it's going down...

CHORUS...

He's the Descender
He's comin' down
Time to surrender your life right now (x2)

Kings and demons cried
The grave was in His cross-hairs
Never to survive in this God-Storm
Yes He came here to die
Death's grip could not hold him
He stole the crown, it's going down

CHORUS

We've tried to warn you every way we can
You just keep pretending that all this will never end
He came down to suffer and He paid the price for sin
He'll tear the sky and the flames will fly when
He's coming back, He's coming back, He's coming back,
Yeah He's coming back...again. He the Descender,
He's coming back, He's comin' back again!

CHORUS

He came down stepped into time and blew our death away
When He comes back He wants us to be ready for that day

A MILLION HEARTS

Are you just there waiting for the vision and the call?
Waiting for the right time to be used to save the lost!
You better get down to your knees
And really count the cost
Then reach in the fire and bring them to the cross

You don't need theology, just open your eyes and see...

There are millions of hearts, lost and dying
Just look around you, you can hear them crying
Yes there are millions of hearts, alone and dying,
It's time to shine like the Son, and run that race to be run
Why don't you just tell one about His love today!

Time just keeps movin' on, forever's comin' fast
We'll all face the Father and then answer for our past
No one has hit the mark, we're all guilty to the core
He's the One Who took our death and He is the only door

He came here to rescue me,
And he wants us all to see that...

CHORUS

BLOOD OF KINGS

He stays in the shadows as the elders share their views,
About a world of hate that they're trying not to lose
The tempers flare and some lines are crossed and
They don't know what to do, they don't realize
That they're trying to kill the truth

YESTERDAY

The truth is some people let their past tear them apart!
Almighty God wants us to discover the power of His
grace and His Son's sacrifice to set us free from the
failures, falls, sins and scars of the past.

Isaiah 43:1-3 says that when we go through the fire of
heartache, trauma and loss, the Lord is there to help
us transition and get to where He wants us to be and
be who He wants us to be. In Isaiah 43:18-19, the Lord
further says, "Do not remember the former things,
nor consider the things of old. Behold, I will do a new
thing, now it shall spring forth: shall you not know it?
I will even make a road in the wilderness and rivers in
the desert."

When we are disabled by and overwhelmed with
the past, even the pain of our own sin, we imprison
ourselves from being able to break through to the
future that the Lord has for us. "Yesterday" is a song
designed to break people free from their past and into
the amazing future that God has for them through faith
and trust in His finished cross work and His conquering
death, wrath and judgment.

Jeremiah 29:11-13, Philippians 3:12-14, Romans 6:4

THE GOODSTORM

We've never had an instrumental on an album yet,
though we've written a few. After three decades of
having ideas and riffs stacked up in my head and heart,
I thought I would just do something different and rip

for a bit in this guitar instrumental. A salute to all the
amazing players that have inspired me over the years.
Simply put, I just wanted to play my heart out and
express the love, mercy and goodness of God that has
been pouring down in our lives for so many years and
through so many incredible people! We are truly living
in a GodStorm. May GodStorms hit your life too.

REVELATION SONG

On Sylentiger we recorded a praise and worship song
that the Lord was using in a powerfully sweet way in
our lives at that time called "By My Spirit" by Leslie
Phillips. I decided when we did that that we would put
a praise and worship song on every Trytan album
till the end. It took 3 decades to get our third album
released but, we kept our commitment. With the help
of the amazing vocal talents of John Elefante, Rey
Parra and Eric Gillette we put together what we hope
is a powerful and passionate expression of our awe,
wonder and amazement of our God. Each man stepped
up higher than I could've ever dreamed to give some
of the most amazing vocal performances that I've ever
been a part of or heard for that matter. As we head
into the glorious and perhaps fearful unknown we hope
that this song, which celebrates the reigning Christ in
His glory will encourage your heart and draw you close
to Him. So close to Him that you can touch His heart
with your own worship intimacy.
